The **Choice**
is Yours

The Choice is Yours...

Saint Stephen School, true to our mission and philosophy, recognizes that parents, teachers, administration, and the community share in the responsibility of educating our children.

Since 1945, Saint Stephen School has offered quality education in the Catholic tradition to students in a K-8 setting. The academic, physical, social, emotional, and spiritual needs of children are addressed within a Christian environment. Students benefit from an integrated curriculum that fosters the mastery of basic skills, opportunities for varied enrichment activities, a life-long love of learning, all in the context of the Catholic faith.

The positive environment of SSS encourages the development of the individual's self-concept, self-expression, and social responsibility as a disciple of Jesus Christ.

Academic

- Average student to teacher ratio 16:1
- Fully accredited by the Middle States Association
- Students consistently exceed the national average on standardized tests, scoring in the top 10%
- Art/Music/Computer Technology curriculum taught K-8, providing opportunities to showcase talent
- Supplemental programs and services in speech, remedial math, remedial reading, and psychological testing
- Curriculum designed to encourage spiritual, intellectual, social, physical, cultural, and emotional development in each child
- Curriculum follows state and diocesan guidelines

Spiritual

- Eucharistic celebrations and prayer services
- Instruction in Catholic doctrine and Christian values that enables each to practice his or her faith
- Development of the whole child in a Christian environment
- Guidance from faculty and parish priests
